Description

Victorian Gothic Carved Oak Purdonium or Green Man Coal Box This is an unusual design, the Purdonium is carved in the Gothic Oak Style, the top has a carved edge matching the plinth at the base, there are carved columns on either side, with a geometric panel in the centre and the handle on the fall front is carved with the face of the Green Man The front of the box pulls down by the Green Man Handle revealing a cast iron mechanism which tips the double handled metal coal bucket forward. The bucket is then at the correct angle to shovel the coal The Purdonium is very sturdy with only minor signs of wear The Coal Box is 18" square and 19" tall TRB42 We Give Free Delivery to Mainland England & Wales, Delivery times vary according to your location usually 7 to 28 days We only operate an online store and regrettably viewing in person is not an option.
