Description

Antique George III mahogany brass faced long case grandfather clock in good original condition. It was made by Peter Onions & I believe it dates to around the 1760 period. To be honest, I'm no expert on clocks & this one came from a private vendor in London. I will probably put it in auction, or sell it on to a clock dealer, because it probably needs to be set up properly & also guaranteed working. These are things I'm not equipped to do. Width - 20", 51 cm Depth - 10', 25 cm Height - 86.7", 220 cm
