Dimensions

Height = 3 cm (1.2")

Width = 3 cm (1.2")

Depth = 1 cm (0.4")

Description

An IWC Schaffhausen wristwatch made for Tiffany & Co, New York. A stamped 18K gold case with Helvetia mark and shaped back, made by IWC. A manual wind IWC caliber 88 mechanism. Mechanism stamped with an import mark 'HOX', showing the watch was made for export to the USA. A silvered dial with gilt 'pencil' hour markers and Dauphine hands, typical of high quality and elegant IWC watches. Mechanism and case serial numbers date the watch to 1949/1950. IWC have had various collaborations with Tiffany, however a wristwatch such as this is rather more rare due to limited numbers and the period in which it was made. Case width 33mm. From Kembery Antique Clocks Ltd you can expect a genuine IWC watch sold with 12 months guarantee. It is carefully packed and sent by tracked, insured delivery on a day of your choice.
