Description

An Edwardian single gold plated watch chain with photograph fob. The longer chain measures 32.5mm long including the T-bar and the clasp. The design is quite unusual with the decorative embellishments. The chain is in good original condition with the same maker's mark on the T-bar, chain and clasp. There is also a shorter chain upon which hangs a photograph fob, or locket, which measures 25mm diameter. The fob has a hinged front so the photograph is very easy to change. FREE WORLDWIDE POSTAGE
