Description

An antique silver Record pocket watch. The watch has an unsigned Swiss 15-jewels stem-winding movement, identified as a Record. The watch itself measures 50mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside the case back for Birmingham 1918 with a case maker's mark for Aaron Dennison. The front of the case is in good condition while the back has some surface marks and a little unevenness. The watch glass has some a patch of light marks and a chip underneath the edge but overall is very acceptable. The white enamel dial is in lovely condition and has blued steel hands, a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box. FREE WORLDWIDE POSTAGE
