Description

A 1930s Limit No 2 pocket watch. The watch has a Swiss signed stem-winding movement, made by Thommen for Limit... it is working nicely. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and was made in England by the Dennison Watch Case Company... the movements were often imported into the UK to be cased in readiness for onward retail. The case is in good condition with just light surface marks from use, nothing serious at all. The watch glass is in good condition. The signed white enamel dial is in very nice condition with blued steel hands, a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box.
