Description

An antique Invar 1917 silver pocket watch. The watch has a nicely jewelled Swiss stem-winding movement, which is working nicely. The movement is protected by an inner hinged cover. The watch itself measures 49.8mm diameter excluding the winding crown and the stem. The case is silver and there are silver import marks inside the two case backs for London 1917 with a case importers mark for George Stockwell. The case is in nice condition with just a few mild bruises to the edge and back. The watch glass is in good condition with only light marking from use. The white enamel dial is in nice condition with only the odd minor mark. The watch has its original blued steel hands. The watch will come in a new presentation box.
