Description

A gents 1920s Erlim full hunter pocket watch. The watch has a jewelled stem-winding movement which is working nicely. The movement is protected by an inner hinged cover. The watch itself measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and it is in good condition for its age, just a few small "dings" from where the watch has been used over the years. The winding crown pushes in to open the front cover. Inside there is a glass lens which is in lovely condition. The white enamel dial has just the one hairline crack, through number 11, but otherwise looks very good. Blued steel hands, a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box. FREE WORLDWIDE POSTAGE
