Description

Antique carved cherub occasional table in excellent condition. The cherub is beautifully carved with very fine details. I'm not sure on the wood, but it could be walnut or fruit wood. I would say it's late 19th century, but it might be earlier than that. It's probably Italian, but again I'm not 100% sure. Either way, it's a great looking table. Diameter - 21.7", 55 cm Height - 29.5", 75 cm
