

SA457342

A gents early 1940s Omega
30T2 wrist watch

Price

Sold

Item Reference: SA457342

Date of manufacture: 1940

Description

A gents early 1940s Omega wrist watch. The watch has a hand-winding movement, a 30T2, which is working nicely. The movement is signed with the Omega name and the serial number dates the watch back to the early 1940s. The watch measures 33mm diameter excluding the winding crown and the lugs. The case was made for Omega by the Dennison Watch Case Company, it is stainless steel and it is in very nice condition. The inside of the case back has the Omega triangular stamp together with the case reference 13322 which is correct for the 30T2 movement. The winding crown has the Omega logo on the winding crown. The lens is in good condition. The signed dial has a little marking but overall is in good condition for its age. Blued steel feuille shaped hands, a subsidiary seconds dial and outer minute markers. A new leather strap has been fitted. The watch will be sent in a new presentation box. FREE WORLDWIDE SHIPPING
