Item Reference: SA459341

Date of manufacture: Victorian

Dimensions

Height = 110 cm (43.3")

Width = 38 cm (15.0")

Depth = 19 cm (7.5")

Description

A pretty little Vienna Wall clock from the late 1800s. This has a good clean case with brass detailing on the dial. There is a strike on the hour and the half hour. The clock is running and keeping time but at this price has not been serviced. There is a good looking pendulum with the classic A and R on the bob, which is of course adjustable for getting good time keeping.
