Date of manufacture: 1870

Dimensions

Height = 215 cm (84.6")

Width = 55 cm (21.7")

Depth = 24 cm (9.4")

Description

An extremely smart longcase or Grandfather clock by KNIGHT of STAFFORD. The 8 day movement has just been fully overhauled by our BHI registered staff and strikes the hours on a beautifully crisp, clear bell. The mahogany case is beautifully polished with a rich, deep patina. It has generous boxwood stringed inlay with turned pillars to the trunk and corinthian capitals. It has a cathedral arched door. The arched painted dial has a subsidiary seconds dial and separate date aperture. There is a picture of a man shooting with his springer spaniels to the lunet. A very smart clock that is very competitively priced.
