Description

A very pretty 19th century mahogany kettle stand table with a wavy top gallery and sweet pierced brackets under the top and under-stretcher. It really is a very sweet thing in very good untouched condition. It is a free standing piece and looks identical from every side (except the front where the slide comes out). I have taken a photo of each side 27" ((69cm) high The top is 11" (28cm) square but the legs splay outwards to a span of 13.5" (34cm)
