

SA461738

Phenix British Rail (South) pocket watch and chain

Price

Sold**Item Reference: SA461738****Date of manufacture: 1940**

Description

A Phenix open faced pocket watch, British Rail (Southern), circa 1940s, and chain. The watch has a Swiss 15-jewel stem-winding movement, calibre 781, which is working nicely. The watch itself measures 49mm diameter excluding the stem and the loop. The watch has a good quality nickel case which has a screw-on bezel and back. The case back has the BR(S) for British Rail (Southern) together with the reference 8089. There is a some shallow unevenness to the case back but nothing too serious. The acrylic lens is in good condition. The signed white enamel dial is in lovely condition with blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes with a single chain which measures 30cm long including the T-bar and the clasp. The watch will be sent in a new presentation box. Free worldwide shipping
