Description

An antique Waltham Traveler pocket watch, 1917. The watch is open faced and it has a stem-winding movement which is working nicely. The movement is fully signed and the serial number of 21,115,105 dates it back to 1917. The movement is protected by an inner hinged cover. The watch itself measures 50mm diameter excluding the winding stem and the loop. The case was made in England, probably by the Dennison Watch Case Company as Aaron Dennison had close associations with Waltham. It is gold plated and is in good condition for a piece that is 100 years old with just minor marking. The lens is in good condition. The signed white enamel dial has one short hairline crack underneath the sub seconds dial but otherwise is in lovely condition. Blued steel hands, a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box. Free worldwide shipping
