Description

Pair of antique mahogany armchairs with original cane backs & seats. These chairs are in good original condition, including the cane work. They will definitely need loose seats making, which won't cost much & it's better if you pick the fabric. I would date these armchairs to around the 1910 period. They are very elegant & the wood has various shades within, so giving them plenty of character. Please note, I actually have 4 of these all the same, but I thought they would be more saleable in pairs. I might actually have two cushions upholstered for the other pair & present them separately when they are finished. Width - 24", 61 cm Depth - 20.5", 52 cm Height - 34.3", 87 cm Seat Height - 14.5", 37 - But that will be much higher with the cushion
