Description

A gents 9 carat gold Rotary wrist watch, 1955. The watch has a 17-jewel hand-winding movement, calibre 425, which is working nicely. The movement has the Rotary wings logo. The watch itself measures 28mm wide excluding the winding crown and 28mm high excluding the lugs... it would suit a man with a slim wrist or it would work nicely as a lady's watch. The case is 9 carat gold and it is hallmarked inside the case back for London 1955. The case back has an inscription which reads 'Ivy-Leslie, 1932-1957'. Overall the case is in good condition with just minor surface marking. The lens is in good condition. The signed dial has a textured finish which has its original finish and it has darkened with age but still easy to read the time. Original hands, centre seconds hand and faded minute markers. A new leather strap has been fitted. The watch comes in a Rotary box, probably later than the watch itself. Free worldwide shipping
