Depth = 56 cm (22.0")

Description

Pair of French Birdcage 15 arm Gilded Brass Chandeliers dating from around c1910; dressed full of original large high lead content hand cut crystal drops, finished with a crystal ball on the bottom. Average size of the Crystal is 3x2 inches with a total of 127 crystals on each chandelier. Professionally rewired to electrics. The frame is solid and has a lovely patina which would fit in nicely in both period and modern homes; it has been sympathetically cleaned and restored without losing the patina. Each chandelier has 10 lower arms with 1 bulb each; together with 5 upper arms with 1 bulb each; providing 15 bulbs on each chandelier. This chandelier has been professionally rewired and restored to the highest standard using only the best components, and ready for immediate installation. The visible wire is 3 core braided woven silk flex cable in a colour that matches the chandelier frame. So if you need to hang the chandelier with a long drop, the cable can be wrapped around the hanging chain neatly and looks aesthetically pleasing. MEASUREMENTS (all approximately) Height/Drop (no chain) = 69cm / 27in Diameter = 56cm / 22in Includes a ceiling rose and chain....
