Description

Pair of French Birdcage 8 arm Gilded Brass Chandeliers dating from around c1910; dressed full of original large high lead content hand cut crystal drops, finished with a crystal ball on the bottom. Average size of the Crystal is 3x2 inches with a total of 78 crystals on each chandelier. Professionally rewired to electrics. The frame is solid and has a lovely patina which would fit in nicely in both period and modern homes; it has been sympathetically cleaned and restored without losing the patina. Each chandelier has 8 arms with 1 bulb each; providing 8 bulbs on each chandelier. This chandelier has been professionally rewired and restored to the highest standard using only the best components, and ready for immediate installation. The visible wire is 3 core braided woven silk flex cable in a colour that matches the chandelier frame. So if you need to hang the chandelier with a long drop, the cable can be wrapped around the hanging chain neatly and looks aesthetically pleasing.
