Description

A good set of eight walnut Victorian chairs with a cabriole leg. These cabriole leg balloon back chairs are pretty rare in set of eight and especially without breaks. These are just out of our workshops as they have had a good clean and rewaxing. The seats, which have a rather pleasing serpentine front, are all in ok condition but we will be happy to get them reupholstered if you would like us to, should cost us about £50 per seat plus vat. The fabric is faded with the light and there is the odd mark or two as one might expect after a few years use. The upholstery itself is quite useable and will last a good while yet if you do not mind the light fade on the fabric. The backs are 35ins high, The sizes below relate to the seat, and are exactly as you would expect for these chairs. Very reasonable price considering the very good original condition and the rarity of an 8 in this style.
