Depth = 30 cm (11.8")

Description

This is a wonderful example of a gents classic wristwatch made by the world renowned premier Swiss maker Longines. It has the legendary 30L manual wind movements which are regarded as the best movements ever made by any manufacturer and it is extremely rare to find it in an 18ct rose gold case. The model number on the inside of the case is 401 and of course it is fully hallmarked. The dial has been fully restored so is in mint condition and the Flagship emblem on the back of the case is bright and crisp. The case measures 34mm in diameter without the crown. It also comes with original box which is a rare one in itself. We had to contact the Longines museum directly to find information regarding this watch as our research found nothing, they kindly investigated for us and below is a copy of the email they sent: Dear Mr Lynn Wilson, Thank you for your message and the information provided. Further to your request, we are pleased to provide the information contained in Longines' handwritten registers. The original serial number 10'460'068 identifies a wristwatch in 18ct rose gold bearing the reference 401, part of the Flagship collection. It is fitted with a Longine...
