Description

Handsome large Victorian Staffordshire flatback figural spill vase of a prancing zebra set against a brown rocky background with sprigs of shredded clay foliage. The base is white on the reverse but the zebra is painted all round. It measures 10" high, 8" long and 3" deep. Condition is very good but top part of the spill holder has been restored. Some wear to the black enamel stripes and a few paint flakes to the base also. There is a little yellowing to his front right leg around the ankle; this is just discolouration, not a repair.
