

SA464239

A 1920s Herald stem winding pocket watch.

Price

Sold

Item Reference: SA464239

Date of manufacture: 1920

Description

A 1920s Herald stem winding pocket watch. The watch has a good quality Swiss stem-winding movement, which is working well. The movement is stamped Herald, 15 jewels, Swiss made. The movement is protected by an inner hinged cover. The watch measures 50.5mm diameter excluding the winding stem and the loop. The case is the Star model by the England based watch case maker Aaron Dennison., gold plated and guaranteed to wear 10 years. The case is in good condition with just a mild unevenness by the back hinge but overall it is in nice condition for a 1920s piece. The watch glass is in nice condition. The white enamel dial has a faint hairline crack between 10 o'clock and the centre although hardly noticeable, but overall it is in nice condition for a 1920s piece. The watch has its original blued steel hands. The watch will be sent in a new presentation box. Price includes worldwide postage.
