Description

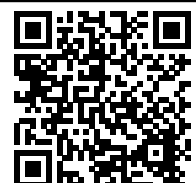

An unusual Arts and Crafts golden oak chest of six graduated drawers raised on pretty carved bracket feet. The side pilasters have a decorative design of overlapping discs and the oak lined drawers and top are edged with ribbon and fluted carving. The turned wooden knobs are original. The overall condition is good, there are some minor marks to each side (as can be seen in the photos) The colour and patina of the chest are superb. The size of this chest makes it very useful. c.1890 Width: 22.5" (57cm) Depth: 18" (46cm) Height: 30" (76cm)
