Description

Nice quality antique leather topped pedestal desk in lovely condition & of good quality. It's mahogany, with some fine satinwood inlays on the top, down the front sides & around the drawers. The top has a hand coloured tooled leather writing surface. The drawers are finely dovetailed, plus they have the original handles & all of them have locks too. This desk is polished on the back too & it sits on plinth bases. It also separates into three sections for easy transportation. I would date this piece to around the 1910-20's period. Length - 48", 122 cm Depth - 24.4", 62 cm Height - 29.5", 75 cm Knee Height - 23.2", 59 cm
