Description

Antique Victorian figured walnut credenza in good original condition, with fine inlays & gilt bronze mounts. There are a lot of fine inlays all along the top, down the front sides & loads more on the central panelled door. There are two gilt metal trims all around the top front edge, more on the middle door & gilt mounts either side of the middle door. The side doors have bowed glass & inside the original lining is still in good condition. However, behind the middle door the lining is not in good condition (see images), but we are in the process of relining it, so that will look much better. This impressive piece is priced really well.
