Description

Attractive pair of Staffordshire pottery fireside spaniels in russet and white with yellow eyes, black muzzle detail and lead chain and a gilded collar and locket. One is fractionally smaller than the other. They measure 10" high, 6" wide and 4" deep. Condition is very good. Both have surface crazing and one has a hairline that runs from underneath up the side of his front paw. A small glaze loss to one on his chest but no other frits and the enamels just show light surface wear.
