Description

A 1920s Cyma full hunter pocket watch. The watch has a high grade Swiss stem-winding movement, with 17 jewels, which is working nicely. The movement is signed Cyma, 17 jewels adjusted, Swiss made and the calibre number 998. The movement is protected by an inner hinged cover. The watch itself measures 50.4mm diameter excluding the winding stem and the loop. The case is 10 ct gold plated, originally "guaranteed to wear 10 years". The case is in good condition with only the odd minor mark from use. The front cover has monogrammed initials. The winding crown presses in to open the front cover. Inside there is a glass lens. The enamel dial is signed Cyma and is in very nice condition. The watch has blued steel hands. The watch will be sent in a new presentation box. Price includes worldwide postage.
