Description

An excellent quality English ebonised chamfer top bracket / table clock with inset corner panels and brass moulded edges to the front stood on brass ball feet finished with a pineapple finial to the top. The clock has fish scale sound frets and decorative floral leaf brass ring carrying handles to the side of the case. The clock has an eight inch painted dish dial with the makers name:- HAM Skinner Street LONDON. The movement is a five pillar eight day twin fusee with top pendulum adjustment and hold fast which strikes the hours on a bell. The movement and pendulum bob are decoratively engraved and the back plate is engraved with the makers name. John Ham was born in 1766, he was a watch and clock maker who is registered at working at number 48 Skinner Street. In 1829 John's son Thomas became his apprentice at the age of 14. The clock movement has been cleaned and serviced. Height - 20 inches Width - 11 ½ inches Depth - 7 inches Circa - 1820
