Description

With a lovely shape this 19th Century bed has been restored and refinished in silver. Looks superb with the flowing lines and the cast panel in the top and bottom of a bird. It is a flexible item being a great size for one but could squeeze two in a small spare bedroom. Officially classed as a 3/4 size at 4ft wide it only needs your own base and mattress to go into use. We can supply a lathe base for about £80 + Vat if required.. this bed is a fraction of the price of much of the competition, not because there is anything wrong with it, but we very reasonable people and are coming to retirement so are clearing our stock.
