Description

A charming little antique pine cupboard that would make an ideal TV cupboard / stand. Many of our customers buy these little cupboards to stand their TV upon with all the accessories stored below. They fit nicely in an inglenook or beside a chimney breast. Because of its small size it works very well in a cottage or small room. This particular cupboard dates from 1910 and is in very nice condition throughout. The detailed carvings that run vertically down the sides is a very nice feature, as are the lovely original delicate wooden knobs. It has two small drawers at the top with a double panelled door cupboard below. There is a single shelf inside the cupboard. The original lock and key is in good working order. Recently stripped to the bare wood it is now ready for wax polishing or painting. Height 32.5", width 34", depth 19"
