Description

A lovely little antique pine desk dating from 1920, in very nice condition. Being on the smaller size it will fit nicely into a cottage or small size room or space. It has two cupboards either side of the knee hole. Inside the cupboards are three shelves. The cupboard doors have pretty floral wood carvings to the front. There is also a small drawer at the top. All the original locks are in good working order. It has been recently stripped to the bare wood so is now ready for waxing or painting. These smaller sized desks are very popular with our customers and tend to sell very quickly. Height 31.5", width 47", depth 27" (kneehole height 25", width 16")
