Description

A large 3 drawer antique pine chest of drawers dating from around 1900. With the original metal ring pulls, very large deep drawers and sitting on bun feet. The wavy carvings, with the individual droplets running along the top drawer, and the detailed carvings running vertically down the sides, make this a very interesting, unique piece of furniture. It will look stunning once wax polished. Originally painted, this has recently been stripped so is currently in the bare wood. The price includes wax polishing but can be bought as it is for £570, or if you'd prefer us to paint it for you just let us know and we'll give you a quote. Height: 39", width: 48.5", depth: 24.5"
