## Description

Charming oak book press table dating from around 1900. It is made from solid oak with a single large drawer with turned knobs and set on thick splayed legs. The simple design and splayed legs identify it as a press table as this helped distribute the weight from the heavy press and make the table more sturdy and less likely to tip over. It is in good condition throughout. There are some minor signs of use and age and a small repair to a chip at the back of the table but overall is a very clean and sturdy piece of furniture. It has a charming look and it has been given a smooth waxed finish and is ready for the home. The best description comes from the photos so please look at them all carefully and if you have any questions please ask. Nationwide delivery available, please get in touch to discuss a quote.
