Width = 152 cm (59.8")

Depth = 122 cm (48.0")

## Description

A good looking and tidy Oak Partners desk from the early 1900s. This box top desk has been cleaned and rewaxed and is now ready for its new home. The original leather has some useable marks and some scuffing as one might expect but is a good quality one with the gold tooling and we feel its has many years life still ahead. However if the new owner requires a new one in their own choice of colour we will be happy to supply and fit, that would cost around £250. This kneehole desk is the same on both sides with a double file drawer in opposing pedestals. The drawers have brass swan neck handles and the sides of the pedestals are panelled. This looks good from all sides. The kneehole is 26 1/2 ins wide and 24 1/2 ins high, a good size for your legs. We have one or two very suitable desk chairs in stock also. NOW RESERVED
