Description

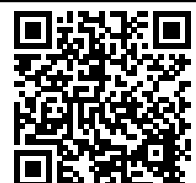

A wonderful example of early Victorian silver. This is a small 'go-to-bed' candle holder. The base is round and has a reeded rim and shell handle. The gauge of the silver is excellent, as one would expect from the great Barnard Family. Unusually it still retains the original snuffer and has a removable sconce. A superb collector's item. P&P contribution :- £8.00 £14.00 Worldwide Condition :- Excellent with no breaks, dents or splits. The base rim is slightly mis-shapen, commensurate with age and use. Date :- London 1840. Hallmarks :- Clear and readable. Matching part set to snuffer and sconce. Height :- 5 cms. Base diameter :- 5.5 cms. Length (including handle) :- 7 cms.
