Description

This antique serpentine fronted mahogany chest of drawers is superb quality & has a great look. Please enlarge all the images to appreciate all the fine details. I would date it to around the 1890-1910 period & it's in excellent condition, with good original colour. The top is flame mahogany with cross banding & a caddy top edge. The sides are canted with blind fretwork. There's a brushing slide at the top, below which are four graduated drawers with original brass handles, locks & fine dovetails. This chest which has quite small proportions has a generously shaped serpentine front & sits on bracket feet. Width - 34", 87 cm Depth - 21", 53 cm Height - 32.5", 83 cm
