

SA471572

Antique 1919 silver Selezi pocket watch & chain

Price

Sold**Item Reference: SA471572****Date of manufacture: 1910**

Description

Antique 1919 silver Selezi stem winding pocket watch by Dimier Freres, with silver double albert. The watch has a stem winding movement which is working nicely. The jewelled movement is signed Selezi and also has the initials DF&S for Dimier Freres & Cie. The watch measures 48mm diameter excluding the stem. The silver case has London import marks, 1919, with the importer's mark DBs (Dimier Brothers). There is some unevenness in places, mainly to the back of the watch. The watch has an acrylic lens. The dial has faint hairline cracks although barely noticeable to the naked eye. Blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes with a silver double chain, each chain measuring 25cm long including the T-bar and the clasp. There are hallmarks on the clasps but none on the T-bar and chain, however it has been tested and it is silver. The pocket watch and chain will be sent in a new presentation box.
