Date of manufacture: 1920

Description

A 1925 Elgin pocket watch. The watch has a stem-winding movement, grade 303, which is working nicely. The grade 303 was produced from 1903 to 1939. The damascened nickel movement is fully signed and the serial number 28,098,467 dates it back to 1925. The watch itself measures 46mm diameter excluding the winding stem and the loop. The case was made by the Star Watch Case Company and it is the Scepter white gold filled model.

Star made cases for several watch companies including Hamilton, Longines, Elgin, Gruen and Omega. This particular case is beautifully detailed with an Art Deco design and it is in superb condition. There is a blank cartouche to the case back. The lens is in good condition. The signed dial is in its original finish and has stylish numerals, a good sized subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box.
