Description

A gents large 1954 Tissot wrist watch. The watch has a 27B hand-winding movement which is working nicely... the 27B was produced from 1950 to 1961. The movement is signed Chs Tissot & Fils and the serial number 3,132,810 dates it back to 1954. The watch itself is a good size at 37mm diameter excluding the winding crown and the lugs. The case is plated with a stainless steel case back... there is some marking to the plate and some scratching to the case back but overall the condition is pretty good for a 1950s piece. The lens is in good condition. The dial is signed Tissot Antimagnetique... there is some crazing to the finish if you look quite closely. Dauphine shaped hands, a subsidiary seconds dial and outer minute markers. A new leather strap has been fitted. The watch will be sent in a new presentation box. Free worldwide shipping
