

SA474302

An antique Waltham open
faced pocket watch

Price

Sold

Item Reference: SA474302

Date of manufacture: 1890

Description

An antique Waltham open faced pocket watch. The watch has a stem-winding movement which is working nicely. The movement is signed and the serial number 7,156,029 which dates production to the second half of the 1890s. The movement is protected by an inner hinged cover. The watch itself measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and overall is in good condition, just some rubbing to the back from use. The watch glass has little marks across it but is very acceptable. The signed white enamel dial is in very nice condition with fine blued steel hands, a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box.
