Description

This pair of Swedish antique leather upholstered armchairs have the most amazing multi-coloured leather upholstery, which is still in good original condition. The colours are extraordinary & the leather is totally naturally distressed. There are light & darker shades of green with some brown showing through, especially on the ends of the arms. They also have generous proportions with fully sprung seat & are extremely comfortable. The backs are fluted & they sit on very solid tapered legs. I would date them to around the 1910 period & they are structurally sound. Please enlarge all the images to see the amazing colours which gives these chairs so much character. Width - 31.5", 80 cm Depth - 30.3", 77 cm Height - 29.5", 75 cm Seat Height - 16.5", 42 cm Please note there is a matching 2 seater sofa also on this web site
