

SA475098

An antique Pioneer open faced pocket watch

Price

Sold

Item Reference: SA475098

Date of manufacture: 1920

Description

An antique Pioneer open faced pocket watch. The watch has a Swiss stem-winding movement which is working nicely. The movement is protected by an inner hinged cover which has some scratching and gentle unevenness. The watch itself measures 50mm diameter excluding the winding stem and the loop. The case is the gold plated Star model which was made by the Dennison Watch Case Company. The case is in good condition with just a fairly minor indentation to the back, and a little marking... the engine turned detail is still nice and crisp. The watch glass is in good condition. The white enamel dial has some hairline cracks but they are faint and barely noticeable to the naked eye. The watch will be sent in a new presentation box. Free worldwide shipping
