Description

Antique 1920s Waltham pocket watch. The watch has a stem-winding movement which is working well. The movement is signed A.W.W.Co, Waltham, U.S.A and it has the serial number which dates it back to 1921. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and was originally guaranteed to wear 10 years. The case has light surface marks from use and the odd small "ding" to the back, but overall it is in nice condition for a 1920s piece. The plastic lens is in nice condition with only the odd minor mark. The signed dial has three faint hairline cracks but otherwise it is in nice condition. The watch has its original blued steel hands. The watch comes in a new presentation box. Price includes worldwide postage.
