Description

A gents late 1950s Smiths De Luxe wrist watch. The watch has a hand-winding movement which is working nicely. It has shockproofing which was introduced to the De Luxe range in 1958 but the earlier versions, such as this one, do not have the word 'shockproof' on the dial. The watch itself measures 31.5mm diameter excluding the winding crown and the lugs. The case is plated with a stainless steel case back... there is some marking commensurate with its age but overall absolutely fine for a 1950s piece. The lens is in good condition. The signed dial is in good condition with dauphine shaped hands, a subsidiary seconds dial and outer minute markers. A new leather strap has been fitted. The watch will be sent in a new presentation box. Free worldwide shipping
