

SA477787

English $\frac{3}{4}$ plate open faced
pocket watch, c1900

Price

Sold

Item Reference: SA477787

Date of manufacture: 1900

Description

An English $\frac{3}{4}$ plate open faced pocket watch, circa 1900. The watch has a stem-winding movement which is working nicely. The movement is protected by an inner hinged cover. The watch itself measures 50mm diameter excluding the winding stem and the loop. The Dennison case is gold plated and was originally "guaranteed to wear 10 years". It has a little patch of unevenness to the back but overall the condition is good. The watch glass is in good condition. The white enamel dial has a couple of faint scratches, and three short faint hairline cracks. The watch will be sent in a new presentation box. Free worldwide shipping
