Here we have a pretty example of an antique pine Danish tallboy / chest of drawers. Typically Danish chests are taller, slender and have more drawers. Each of the five drawers are sliding nicely and still have the original ornate brass drop handles and escutcheons. It is in very nice condition throughout, dating from 1900. Recently stripped to the bare wood, it is now ready for waxing or painting. It will look fantastic once wax polished. Height 54", width 37.5", depth 20"
