Description

Stunning and very rare 18th century Chinese memorial or funereal tile or panel, c1790 . It is beautifully carved in stone and is decorated with a central figure (possibly an immortal) playing a drum. It has aged well with great colour/patina. There is a large central crack and small loss next to the crack (as shown in the photographs) but this is entirely consistent with its age and use. Overall condition is good ,it is stable and nicely presented on a modern frame and mount. Size: Stone panel 35 cm long x 19 cm wide x 3 cm thick. Frame 45 cm long x 30 cm wide

Internal Ref: 31/17
