Description

Victorian Green Man Carved Oak Pedestal Desk This is a rare piece indeed, the desk is made through out in solid Oak the front has been intricately carved. There are nine drawers in all each of which has a Carved Lions Mask handle, or perhaps it is the green man, the top of the desk has an inset brown tooled leather and a deeply carved moulded edge which matches the carving on the pedestal bases, the sides and back of the desk are panelled, so it looks good when viewed from all sides The desk is in very good condition for its age, just a few marks on the leather, this is an unusual piece to come across and it would work very well in a study or in fact any room The desk is 48" long, 27" deep and 32" high and the knee hole is 17" wide and 23.5" high FN70 We Give Free Delivery to Mainland England & Wales, Delivery times vary according to your location usually 7 to 28 days We only operate an online store and regrettably viewing in person is not an option.
