Description

Very comfortable pair of antique Swedish leather armchairs dating to around the 1890-1910 period. They have curved deep buttoned backs & more buttoning below the seats. The leather is in great condition & the colour is good. These chairs are comfortable because of the curved backs & also because of their generous proportions. We just bought them over from Sweden, revived the leather & polished the feet. Width - 35.5", 90 cm Depth - 32", 82 cm Height - 28.5", 72 cm Seat Height - 16", 40 cm
